All tag-alongs equipped with reliable sealed beam tail lights.

Skid Loader Series

14' & 16' Model 9,990# GVWR with 6K drop axles, 18' Model 12,000# GVWR or 14,000# GVWR with 7K drop axles, heavy duty jack, flip-up ramps
16' cross member spacing.

Models: 14TSLWB 16TSLWB 18TSLWB

Frame Heavy Series

12,000# GVWR or 14,000# GVWR with 7K drop axles, 16" radials, 8 bolt hubs, heavy duty jack, 6" channel frame and tongue.

Models: 20TFHWS 20TFHSB 20TFHWB 20GFHWS 20GFHSB 20GFHWB

Frame Standard Series

7,000# GVWR, 4" channel tongue, 15" radial tires.

Models: 16TFSWS 18TFSWS 18TFSWB 18TFSSB 18TFRSB

Deck Over Series

14,000# GVWR to 21,000# GVWR with 7K straight axles, available in tag along or goose neck. Features E-Z crank beavertail, tandem or triple axles, 16" radial tires, 8 bolt hubs.

Models: 25TDOWC 25GDOWM 29TTAWC 29GTAWC

Tandem Dual Series

25,900# GVWR, available in tag along or goose neck with straight deck or beavertail. Features 2 speed double drop leg landing gear jack, lengths of 25, 29 and 33 feet, oil bath bearings, 16" radial tires and fold-over ramps. Fabricated pierced flanged beam frame for low floor height.

Models: 25TTDWC 29TTDWC 33TTDWC 25GTDWC 29GTDWC 33GTDWC

Tandem Dual Heavy Series

32,000# GVWR, 25' tag type with 16K straight air brake axles, oil bath bearings, 2 speed double drop leg landing gear, 17.5" tires, fabricated pierced flanged beam frame with reinforced cross members and ramps.

Model: 25TTHWC

Frame Medium Series

9,990# GVWR with 6K axes, 15" radials, 8 bolt hubs, 5" channel frame and tongue.

Models: 20TFMWS 20TFMWB 18TFMWS 18TFMWB 18TFMSB

20' Frame Heavy Tilt Bed

12,000# GVWR or 14,000# GVWR with 7K drop axes, 12 volt electric/hydraulic power system, 8 bolt hubs, heavy duty jack, 6" channel frame and tongue. Rear 16' tilts, front 4' stationary. 10° loading angle.

Model: 20TFHWT

18' Frame Medium Tilt Bed

9,990# GVWR with 6K drop axes, 12 volt electric/hydraulic power system, 8 bolt hubs and heavy duty jack, 5" channel frame and tongue. Full 18' tilt. Low 20" floor height.

Model: 18TFMWT

The benefits to our customers are trailers that set
"The Standard for Quality"
Since 1977

CAD designed trailers · Mig Welding · Fixtured Manufacturing
Computerized Production Control · Computer Inventory Control
Rigid Quality Standards · Member NATM
All Trailers Meet or Exceed all NATM Guidelines
Comprehensive Operator's Manual · Extensive Parts Inventory
Factory Field Support · All Trailers Meet DOT Specs.
3yr Limited Warranty · National Dealer Network · Annual Newsletter
